Hirak Das is a B.Tech Graduate in Information Technology(IT) who was working at Infosys as an System Engineer Trainee and understanding on HTML, CSS, JavaScript, React.js, C, C++, Java, PHP and Bootstrap.

I have extensive experience in video editing and graphics designing and am highly skilled in both areas. I have been working with Adobe Premiere Pro, After Effects, Photoshop and other creative software for many years. I have a good eye for composition and color that gives me the ability to create eye-catching graphics and videos that are sure to draw attention.

I have a great aptitude for technical skills such as coding and development. I have a knack for problem-solving and can easily debug code. I am constantly looking for ways to improve my coding skills, whether it be taking online courses or attending coding workshops. I am also very organized and can quickly prioritize tasks. I am able to work on multiple projects at the same time and keep track of deadlines. I am confident that my technical skills will be a great asset to any project I work on.
